CONDUITS
Are you looking for hidden campus gems to enhance your time at UCLA? Look no further! Every week Conduits will feature a campus resource, selected by our very own ASK Peer Counselors, that will help you maximize your academic and social experience at UCLA.

The Veteran Resource Center is a space where military veterans and military-connected students can gather, build community, and find resources. The center can help veterans and military-connected students transition to life at UCLA and navigate academics. They can also help you navigate your educational benefits and connect you with staff at UCLA to help you with your benefits. The center offers various kinds of fun social events on zoom and features campus resources, like RISE and the Career Center, through workshops. The Veteran Resource Center also organizes trips to work in the Veterans’ community garden. If you’re looking to connect with other students that share similar experiences in the military-affiliated community, follow the Veteran Resource Center on Facebook and Instagram at @uclaveterans, or visit their website!
