What’s happening Week 7?

Research Revealed Undergraduate Research Program Application
Are you a freshman, sophomore, or first-year transfer student interested in pursuing undergraduate research in the humanities, arts, or social sciences? Apply to the Research Revealed Undergraduate Research Program and learn everything you need to know about conducting research and creating knowledge at UCLA! Participants will learn research skills and strategies in preparation for conducting their own research and creative projects, applying to research programs, and assisting on faculty projects in this quarter-long program. Participants will enroll in the Research Revealed HC101 (2 units, P/NP) class during spring quarter and will receive a $200 scholarship at the end of the quarter. Applications for Research Revealed are due on Sunday, March 1. Click here to find out more!

Students for Integrative Medicine: Music Therapy Workshop
Are you interested in the power of music therapy? Come learn about music therapy--and participate in making music--with Renee Dundas, a Board-Certified Music Therapist who runs her own company in Los Angeles who primarily works one-on-one with children on the Autism Spectrum, and in small groups at geriatric facilities! This is a great event for anyone who's interested in elder care, autism spectrum disorder (ASD) therapies, or is interested in learning about the healing powers of making music. All are welcome! The workshop is on Thursday, February 20th from 6-7pm at Ackerman Union 3508. For more information, visit the Facebook event page!

Black Excellence: Creating & Networking w/ Successful Professionals
Join the Career Center for the 3rd annual Black Excellence: Celebrating & Networking with Successful Professionals event on February 19th from 4pm-7pm in Bradley International Hall. In honor of Black History Month and UCLA’s Centennial, students will reflect on the major impacts Black Alumni have contributed to our institution over the years. This event will feature an engaging professional panel, dinner, and networking with several prestigious Black Alumni across various industries including: business, education, entertainment, and STEM Fields. This event is open to all students and we hope that you will join us for a night that you will never forget. For more information, please email Precious Robinson here!

• Last day to file undergraduate readmission application at 1113 Murphy Hall

MONDAY, MARCH 2 (Week 8)
• Deadline to file FAFSA and California Dream Act applications for 2020-21 academic year

FRIDAY, MARCH 13 (Week 10)
• Instruction ends
UCLA Repeat Policy

Are you thinking about repeating a course? Are you unsure about UCLA’s repeat policy? Then look no further because we will cover the details of UCLA’s repeat policy in this edition of The Connection!

When can I repeat a course?
Any course that is completed with a grade of C- or below or a No Pass (P/NP) can be repeated only once. If you originally took a class for a letter grade, you MUST take it for a letter grade the second time. However, if you took a class P/NP, you may repeat the class for a letter grade or P/NP. If you are within your 16 units of repeat credit, the second grade, regardless of whether it is better or worse, will be calculated into your cumulative and term GPA. There is no limit on the number of P/NP courses you may repeat.

Additional Restrictions
1. You may repeat the same course only once.
2. You may receive units for a repeated course only once.
3. You will not receive credit for a course repeated after you have completed a more advanced course in the same sequence with a grade of D- or better (e.g. Math, Chemistry, or foreign languages).
4. You may repeat up to 16 units of GRADED coursework.

How do I sign up to repeat a course?
Simply enroll in the course again through MyUCLA. The Registrar’s Office will automatically code the course as a repeat after the quarter ends.

How does a repeat look on my transcript?
Two notations will be listed on your transcript: “Repeated: Excluded from GPA” for the first attempt; “Repeat of Course Previously Taken” for the second attempt.

What happens after I use up my 16 repeat units?
If you have used the 16 units of repeat credit or do not have enough repeat credit left, you may still repeat a course in which you earned a C- or below. However, both grades will be averaged into your cumulative and term GPA for any subsequent repeat.

What happens if I repeat a course more than once?
Regardless of the grade you earn, a notation of “Unapproved Repeat” will appear on your transcript if you repeat the same course more than once or if you repeat a course in which you earned a C or better. You will not receive any units or grade points.

Can I repeat a course in which I earned a C or better?
No. You will receive a transcript notation of “Unapproved Repeat” and no units or grade points will be earned.

For any further questions about repeating courses, please contact your College Academic Counselor.

CONDUITS
Are you looking for hidden campus gems to enhance your time at UCLA? Look no further! Every week Conduits will feature a campus resource, selected by our very own ASK Peer Counselors, that will help you maximize your academic and social experience at UCLA.

Don’t know how to create a resume, CV, or cover letter? Don’t worry because the Career Center is here to help! The Career Center offers one-on-one counseling appointments and drop-in hours to help you better understand your career options, and to help prepare you to be a competitive applicant for both jobs and graduate schools. The Career Center also hosts on-campus career fairs, workshops, and Jumpstart events for different career pathways. Be sure to take advantage of Handshake, a website where you can search for and apply to jobs, internships, and other opportunities! Handshake also houses FOCUS 2, a career assessment test that can help you find clarity on your career direction. To learn more about the Career Center, visit them at 501 Westwood Plaza, Strathmore Building on the 2nd and 3rd floors, or visit their website to see the full list of workshops and resources for students.
