What’s happening Week 6?

UCLA Sciences Libraries: "Science as Art" Competition
Submit your artwork and showcase the beauty of science. This quarter the UCLA Sciences Libraries Outreach Team launched its first "Science as Art" competition for the UCLA campus community! UCLA students and the broader campus community are encouraged to share the beauty of science through their submission of original artwork and photographs that highlight the artistic quality of scientific materials, processes, instruments, findings, or data. Selected artworks will be featured in a digital art exhibition linked to the UCLA Sciences Libraries websites. For more information and to submit your art, visit: https://bit.ly/sciartssubmissionform.

Academic Advancement Program Summer Grad Prep Course
Are you a current AAP student or AAP alumn? Do you have a definite interest in pursuing graduate or professional school? The AAP Graduate Mentoring and Research Programs (GMRP) Office offers a FREE Summer Graduate Preparation Course to AAP students and alumni who are interested in applying to graduate/professional school. The purpose of the course is to prepare students for the graduate school search and application process. The course is offered once a week for 6 weeks during both Summer Sessions A and C. The course is not for units. Students who participate in the courses are offered weekly workshops and info on selecting a graduate program, preparing for admission exams, and more. For more info, visit the AAP GMRP website.

Global Food Initiative Fellowship Award
The Office of the UC President has invited the Semel Healthy Campus Initiative to select an undergraduate student(s) for the Global Food Initiative Fellowship Award of $3000 for the 2020-2021 academic year. The GFI Fellows program provides an important opportunity for undergraduate students to contribute to GFI’s overarching goal – to sustainably and nutritiously feed a world population expected to reach eight billion by 2025 – while engaging in local, campus-specific efforts. Global Food Initiative Fellows contribute to this goal through projects in which they participate or lead related to service, curricula and/or research. Applications must be submitted through MyUCLA by May 15, 2020 at 11:59pm. For questions, contact Pia Palomo.

UPCOMING DATES AND DEADLINES

WEDNESDAY, MAY 25 (WEEK 9)
- Memorial Day Holiday

UPDATED DATES AND DEADLINES FOR SPRING 2020
Friday, June 5 (Week 10)
- Last day to drop impacted and non-impacted courses via MyUCLA without a fee or transcript notation

CONDUITS
Are you looking for hidden campus gems to enhance your time at UCLA? Look no further! Every week Conduits will feature a campus resource, selected by our very own ASK Peer Counselors, that will help you maximize your academic and social experience at UCLA.

Ever thought about studying abroad in another country, but don’t know where to start looking for programs? The International Education Office, located in 1332 Murphy Hall, is the place to go for anything involving studying abroad! The International Education Office provides full services for students who are interested in studying abroad and counsel students on academic, cultural, and financial issues involved with studying abroad. If you want to explore study abroad programs that allow you to complete degree requirements or want to learn more about financing studying abroad, the International Education Office can help with that!
