CONDUITS

Are you looking for hidden campus gems to enhance your time at UCLA? Look no further! Every week Conduits will feature a campus resource, selected by our very own ASK Peer Counselors, that will help you maximize your academic and social experience at UCLA.

As this year comes to a close, many students may be seeking opportunities to further their knowledge and career aspirations. For this final issue, The Connection is highlighting UCLA ONE, an online platform to connect with Bruin alumni in a variety of fields. Through UCLA ONE, undergraduates and alumni can interact with the vibrant, global Bruin community to expand their professional network. Alumni can also be mentors for their fellow Bruins, offering peer-driven advice and information about new opportunities. To join UCLA ONE or learn more information, visit their website at https://uclaone.com/.
