What’s happening Week 4?

Entrepreneurship Minor Info Sessions
The fall quarter application deadline for the Entrepreneurship minor is Friday, February 1st. Prospective applicants should attend an Entrepreneurship Minor Info Session before submitting an application. Anyone interested in the minor is welcome to attend. Because students are only afforded one opportunity to apply for the minor, it is important to attend an information session to learn about when to apply and what makes a strong application. The last Entrepreneurship Minor Info Session will be held on Tuesday, January 29th at 5pm in 203 Covel Commons (Startup UCLA). For more information, visit the Entrepreneurship minor website.

The Connection

UCLA Summer Sessions

While summer may seem far away, Summer Sessions registration is right around the corner! Read on for more information about Summer 2019 as well as how to add or drop courses during Summer Session.

UCLA Summer Enrollment
Enrollment for UCLA students begins on Friday, February 1st (Week 4) and for non-UCLA students on February 15th. The Summer 2019 Schedule of Classes is available on the Schedule of Classes.

Summer Sessions at UCLA
Summer Session at UCLA consists of Session A (begins June 24) and Session C (begins August 5). Regular sessions last 6 weeks. Intensive courses, such as foreign languages, may last for more than 6 weeks. Session B is for travel study.

Why Enroll in Summer Sessions?
• Fulfill degree requirements to graduate on time or early
• Create flexibility to double major, take up a minor, and/or study abroad
• Have a lighter schedule to tackle and focus on courses that may be more difficult
• Enroll in an impacted course that may be difficult to get during the academic year
• Take a course of interest outside your major
• Complete the entire Foreign Language Requirement with a language intensive course
• Save money (Nonresident Supplemental Tuition is not assessed during the summer for out-of-state students)

Dropping and Adding Courses
The last day to drop an impacted course is Friday of Week 1 of either summer session. Dropping non-impacted courses can be done on MyUCLA before the final two weeks of instruction; or with a Student Update Form during the final two weeks of instructions. You can add courses through Friday of week 1 on MyUCLA; or with a Student Update Form beginning week 2. Add/drop deadlines can be found on the Summer Sessions website. If you enroll in any UCLA Summer Sessions course and later drop all classes, you will be charged a $150 nonrefundable fee. You will not be charged the $150 fee as long as you remain enrolled in at least one class.

Summer Institutes
Summer Institutes offer the breadth and depth of UCLA's academic rigor in an intensive, holistic format that allows you to share a unique learning experience. The 2018 Summer Institutes included Film and Television; Jumpstart Summer Institute: Introduction to Architecture; Technology Leadership; Managing Enterprise in Media, Entertainment, and Sports; and the cityLAB Summer Institute. For a full list of 2019 Summer Institute program offerings, refer to https://www.summer.ucla.edu/institutes.

CONDUITS

Are you looking for hidden campus gems to enhance your time at UCLA? Look no further! Every week Conduits will feature a campus resource, selected by our very own ASK Peer Counselors, that will help you maximize your academic and social experience at UCLA.

As part of the UCLA Depression Grand Challenge, the Resilience Peer Network (RPN) is a group for students dedicated to help address mild to severe depression or anxiety. Among a team of clinicians and graduate students, RPN includes a cohort of undergraduate students who are trained in active listening, motivational support, mindfulness, and other tools and strategies necessary for assisting their peers. To access this resource, students must first take a survey so that their needs can be evaluated and they can be provided with the proper support, according to the severity of their depression or anxiety. For most students, a combination of online cognitive behavioral therapy and optional one-on-one counseling will be employed. For more information, visit www.resilience.ucla.edu/resilience-peer-network/rpn.
